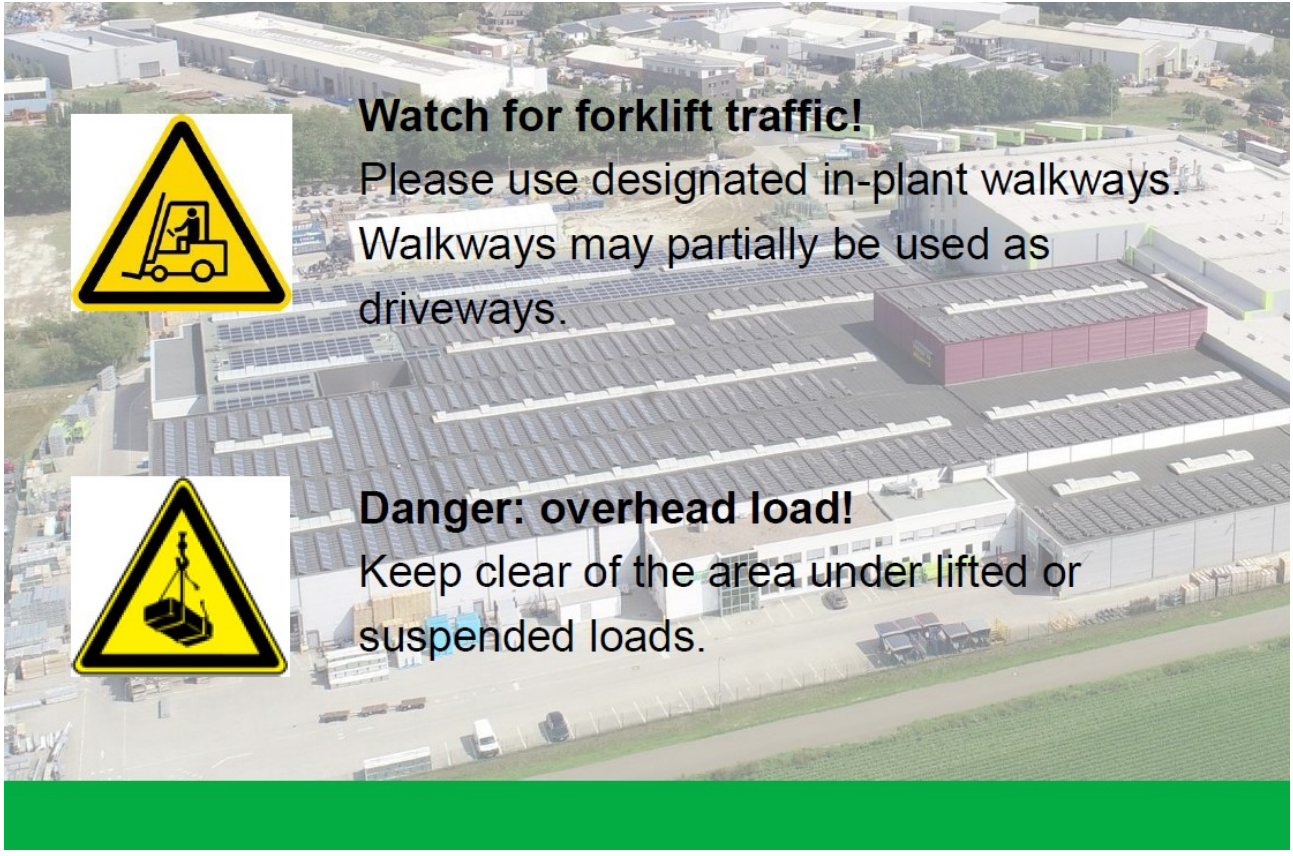
Welcome!

Safety information for visitors

Safety of our visitors, craftsmen and fitters employed with us, as well as our staff is our top priority.

For this reason we are kindly asking you to acquaint yourself/yourselves with the regulations and instructions and observe these at all times!



Watch for forklift traffic!

Please use designated in-plant walkways. Walkways may partially be used as driveways.

Danger: overhead load!

Keep clear of the area under lifted or suspended loads.

Photography and video recording is prohibited on the entire premises.
10
The traffic regulations (StVO) apply.
There is lorry, car and industrial truck traffic on the company premises.
Please mind the respective kind of vehicles.
Use available or designated walkways.

This is a manufacturing plant. Please observe the information and warning signs:

Please limit your visit to the production sectors in which you are to execute your working activities.

Keep a safe distance of at least 50 cm from machines!

Do not operate any equipment without the consent of your contact person.

When working on machines and equipment, please observe the respective safety regulations.

Consumption of alcohol and intoxicating substances is strictly prohibited!

It is generally not allowed to use forklifts, cranes and lifting platforms without the appropriate training, instruction and assignment!

Observe the instructions on the use of personal protective equipment!

Safety footwear must **always** be worn on the **entire** company site!

Mind the information on noise protection.

Wear appropriate hearing protection!

Ear plug dispensers are located in production halls.

Observe the instructions on the use of personal protective equipment!

Mind the information on hand protection.

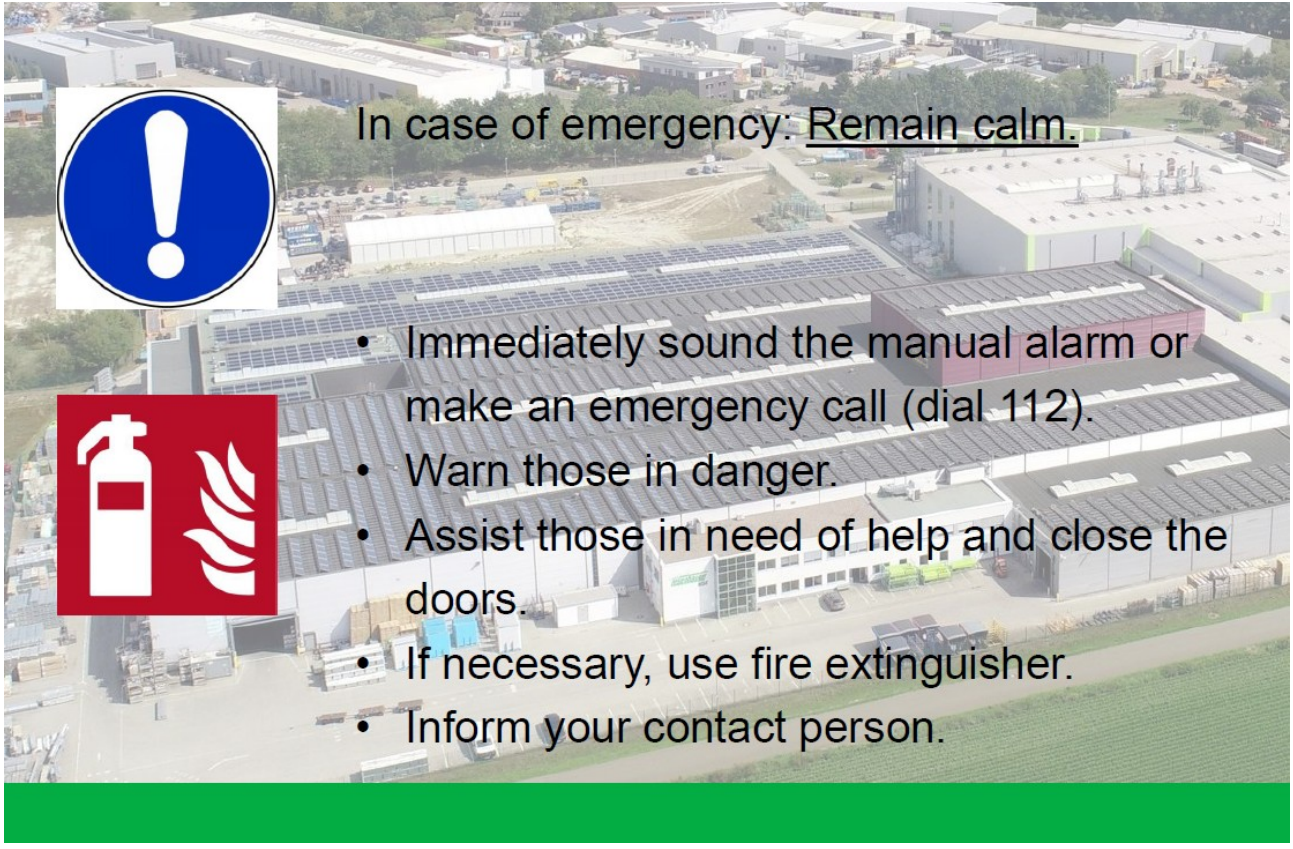
Wear appropriate protective gloves!

Mind the information on head protection.

Wear appropriate safety helmet!

In the event of a fire alarm, please immediately leave the buildings via designated escape routes and escape doors …

… and proceed to a signposted meeting point next to our company premises. Information on the location of meeting points can be found on the back of your visitor pass.



In case of emergency: Remain calm.

- Immediately sound the manual alarm or make an emergency call (dial 112).
- Warn those in danger.
- Assist those in need of help and close the doors.
- If necessary, use fire extinguisher.
- Inform your contact person.

If you have had an accident (including minor occurrences such as grazes or the like), immediately report it to an employee of the area where you are staying.

First aid stations to provide those injured with first treatment are located at various points of the respective departments. Information on the location of first aid stations can be found on the back of your visitor pass.

Please make sure that an entry on the first aid provided is made in the accident record book.

Thank you for your attention!
